193 and more couples		
If there are more than 192 couples, the organiser is not obliged to accomplish a re-dance round. Additional to the ranking couples, the organiser has the possibility to qualify couples according to the result of the last year for a further round. This qualification has to be confirmed by the IDSF sports Director. From the 1/16 final (96), all couples must dance in the competition.		
Tie for the next round		
If there is a tie for the next round, all couples on the same place are qualified for the next round. Fixed day for the actual IDSF Computer World Ranking List is the last published IDSF Computer World Ranking List with date first of the concerned month on Internet.		
Exemptions for couples		
Only couples on the places 1 to 50 can get an exemption for the first round of		

the IDSF World Ranking Tournaments. If there are less couples than the mentioned number, the number of marks and directly qualified couples of the first round has to be moved. Couples placed on place 1 to 50 of the IDSF World Ranking List have to make the entry latest 7 days before the competition. If there is a later entry it is up to the organiser whether these couples can participate in the competition but these couples have to dance from the first round if the number of exemptions is already worked out and published.
