

The President,

IDSF confirms the election of Melida Törökgyörgy and Wiktor Kiszka to the First IDSF Athletes Commission

The IDSF President, Mr Carlos Freitag is delighted to announce and congratulate Melida & Wiktor on their election as representatives for all Athletes in the first IDSF Athletes Commission.

Mr Freitag believes that the creation of an IDSF Athletes Commission is a historical milestone in the continuing growth and development of DanceSport and IDSF is delighted that Melida and Wiktor have agreed to serve on the Commission.

The establishment of the Athletes Commission has been strongly encouraged by the IOC and its President, Mr Jacques Rogge.

The election of Melida and Wiktor is for the same period as the Presidium of IDSF. This means that the appointments will not expire until the IDSF AGM in 2010.

One of the conditions of continuing to a being member of the Athletes Commission is that representatives are required to be active dancers inside IDSF.

We are confident that as active competitors, Melida and Wiktor will be able to stay in contact with other athletes in order to allow them to effectively represent the interests of all our athletes.

As members of the Athletes Commission, Melida & Wiktor will have the opportunity to transmit directly any issues, concerns, proposals and claims directly to Carlos Freitag as the President of IDSF, in relation to our wonderful artistic Sport.

To assist our new members of the Athletes Commission to convey any issues of concern to Mr Freitag, we provide the following email addresses for Melida & Wiktor:
